

Stores close-to-day at seven o'clock.

There's apt to be unfavorable comment on our plan of selling small boy's clothing without profit, but the criticism is wholly from other clothing merchants.

We aren't troubling ourselves over what competitors think.

We want a larger trade for the best sort of wearables for small boys, and shall get it by waiting for our profit until the boy begins to pay for his own clothes.

Meanwhile his parents are welcome to our best skill and best service at the cost of the goods and the service.
